Woofer

USB Notebook speakers with stereo sound

The practical USB Notebook speakers “Woofer“ from DICOTA mobilize sound – enabling you to listen to music wherever you like. Simply connect both speakers with each other via the 3,5 mm plug and connect to a USB port – and the music starts playing. The extractable feet ensure an optimal stand. The vibration-free stereo sound is completed with a fine and noble design. The speakers are small, light-weight and handy. The cables can easily be stowed on the backside of the speakers. The provided pocket can be used for easy transportation and as a protection from scratches. The special tip: the speakers can easily be connected to an MP3 player or Discman via the 3,5 mm plug and Woofer provides music in a jiffy. – Woofer: the perfect companion for all those who value music and mobility.
